Forecast For Wales
Issued by Met Office Exeter
at 1600 on Friday 18 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry tonight but turning unsettled later during Saturday.

This Evening and Tonight:
Staying cloudy with just the odd shower possible during the evening. Thicker cloud will slowly drift away, allowing for some clear spells during the small hours. Light winds. Minimum temperature 10 deg C (50 deg F).

Saturday:
Often cloudy with some bright spells breaking through during the afternoon. A few showers are possible, and these will turn more frequent and widespread later. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Widespread showers on Sunday with a risk of thunder. Further showers on Monday, heavy in some areas. Drier on Tuesday, although showers are still likely.
